FARNBOROUGH & CAMBERLEY CC - REIMBURSEMENT OF EXPENSES

This Policy was approved by Farnborough & Camberley CC Committee on 5 April 2017 and is applicable from this date onwards.

Principle

The activities of Farnborough & Camberley CC are organised by unpaid volunteers (typically Club members, and occasionally their family or friends). While it is expected that organisers' time is provided "gratis", with no payment being offered it is accepted that reasonable "direct out of pocket expenses" should be reimbursed on request. It is up to members to decide for themselves whether or not to make such requests.

This policy seeks to detail how the principle is to be applied in practice.

Practice

Such expenses might include, but are not limited to:

- Organiser's travel to events and meetings where they are formally representing the Club (travel by car, public transport; parking, etc.)
- Stationery (inc. postage costs)
- Venue hire (e.g. village halls for event HQs, approved social gatherings)
- Equipment purchase (race numbers, event signage, etc.)

Wherever possible, expenditure should be invoiced directly to the Club, thus avoiding the need for personal expenditure. Any large or unusual expenditure (whether incurred personally by organisers or directly by the Club) should be pre-approved by the Club Treasurer and, where the Treasurer feels it necessary, also by the Club Committee.

Personal expenditure can be reclaimed on request to the Club Treasurer, who is authorised by the Club to approve such requests and arrange payment. Items for reimbursement should include date of expenditure, description and cost. Receipts or paid invoices should be made available wherever possible, although it is recognised that this is not always appropriate. Claims should be made only after the cost has been incurred.

Ideally claims would not be submitted to the Treasurer until the cumulative total to be reimbursed exceeds £20.

All such expenditure should be contributing to the organisation of the Club or its events and does not include any costs associated with taking part in a competitive, training or social event. Only additional costs of organisation over and above those naturally incurred in taking part should be claimed. For example, a marshal of an Open Club Time Trial event who is pushing off early riders may claim for driving out to the event but not if they are also riding as "last man".

Rather than attempt to legislate for every possible situation, Members are trusted to exercise common sense and integrity, and to seek guidance from the Club Treasurer if they are unsure.

Mileage rates to cover the direct cost of fuel are 25p per mile.
