

Weekly Newsletter – 19 February 2016

Hello Fellow Members

AGM and New Committee

Following the AGM on Friday 5 February and the appointment of many new faces to the club's committee we want to give you, via this the first of the newly resurrected weekly newsletters, a quick update on what we see as our priorities over the coming months. To help familiarise you with the new committee we've put together a short bio, contact details and photo of each of us in the attached pdf.

Attached you will also find the initial agenda penned by our new chairman David Triska. This is very much a committee level document but we believe it is important to share it with you all because you are the club and you should be aware of what we as the committee are doing on your behalf. We are all genuinely excited by the tremendous potential to grow and build on both the rich history of the club and the current vibrant sections of our social and time trial riders.

The immediate priority is to refresh the website and the mediums through which we all interact and communicate (we already have a Facebook page) so please do take the time to read the attachment. The club would not exist without you the members so please talk to us, it's important that we as a committee know your thoughts, suggestions and concerns.

New Member

A nice warm welcome to Paul Tippins and Tom Scott who joined the club this week. And a belated but also very warm welcome to all of those new members who have joined during the newsletter hiatus.

FCCC Open 10 Mile Time Trial Registration

Just a quick note for any budding time triallists out there that our first Open event (Type A) is being held on 12 March on the H10/8 course (between Farnham and Hollybourne on the A31). Closing date for entries is 1 March and entry can be made online at <http://www.cyclingtimetrials.org.uk/event/20700> By the way there is also a club event (Type B) at 10am on the same day 12 March held on the HCC175 course although no pre-registration is required for this, just turn up and ride.

More details on the difference between Type A and B time trial courses can be found on Donald Ashton's Bio on the Committee Members Bio pdf document referred to above.

Volunteers are always most welcome to help out with Marshalling at the club's Open events and if you want to help then please email Donald. It's a great way to see how the TT races work.

Future Communication

As mentioned above we will be sending out regular newsletters and our various race secretaries will also be encouraging new riders to join the road racing and TT teams, no racing experience is required as you'll be guided through the process, so please look out for that.

Upcoming Rides

This Sunday 21 Feb is looking dry at the moment for our Social (09.30), Café (10.00) and Mid-Paced (09.30) rides. It's always good to know who is coming so please add your name on the Facebook page or the club website Forum.

There is a Chain Gang ride on Tuesdays from the BP garage in Mytchett starting at 7.15pm Details can be found on the Club website calendar.

Tip of the week: Spend 5 minutes before your weekend ride checking for small flints in your tyres. Let all the air out and then pinch them as you rotate the wheel – it's amazing how often you'll find one and if you don't take it out it'll work through to the inner tube.

Safe riding!
